RE: Mark Rattigan of Merideon Wealth Strategies

I have known Mark professionally for over 5 years. During that time Mark has been a loyal client of mine as we have been a client of his.

From my dealings with Mark, he has shown me to be a person who has a very sound knowledge of his industry, but more importantly great communication with clients allowing him to explain complex topics for anyone to understand. Also he is continuously learning and furthering his studies in the field.

Mark is also a family oriented man and devoted to his wife and children.

I believe Mark is able to offer any new or existing clients a very professional financial planning service that will meet the client's objectives. The way he works closely with client's accountant and other advisers is very valuable and also makes everything more efficient.

For these reasons I am not only comfortable writing this recommendation but also regularly refer my clients to Mark.
